About Me

With over 9 months in Web Development, I am skilled in Javascript, JQuery, Node, React.js, Express, HTML, CSS, Tailwind, Mongo DB, and MySQL. With aforementioned skills, I also have taught front-end web development to my juniour internees at Artisans Pvt. Ltd. All this coupled with my passion and motivation to learn, deliver, and progress can possibly make me a good suit for your company's mern stack team.
